Free Home Demonstration

In a world where the internet has taken over the majority of everyone's shopping, we believe somethings are that important they shouldn't be bought this way.

We don't say goodbye once you order!

You are investing in the support and peace of mind that you can only get from a nationwide coverage of in house engineers and a knowledgeable demonstration team, all supported by a UK based technically trained customer contact centre!!

At Luggie we understand that a scooter is not just a scooter it's a way of life and that it's not one size fits all, this is why we come to you to assess your needs and demonstrate the scooter that is most suitable for you. This eliminates the costly mistakes people make ordering online.

We want to take the hassle out of shopping... by bringing the full range of mobility scooters to you.

A demonstration doesn't have to be in your home, it can be at a friends or neighbours, even at a group meeting or social club, place of work or wherever suits you. Nationwide coverage means you are never too far from

one of our representatives. Our friendly team of mobility product demonstrators are carefully selected to ensure you receive the very best service.

Each member of the team has been trained on everything Scooter! They really are the mobility scooter experts. From the lightweight Luggie to the 8mph Lexington they love the range and we are sure you will too.

LUGGIE PRODUCT DEMONSTRATOR ALLAN

Allan is our longest serving product demonstrator and often supports the demonstration team with his valued knowledge.

He receives excellent customer feedback and is happy to answer any customer queries.

LUGGIE PRODUCT DEMONSTRATOR JONATHAN

Jonathan has been demonstrating the Luggie for over 5 years.

He loves to see how the Luggie lightweight Mobility Scooter enhances peoples lives and uses his experience to ensure every customer selects the right product.

LUGGIE PRODUCT DEMONSTRATOR SCOTT

Scott regularly receives positive feedback from our customers.

He has fantastic product knowledge and enjoys ensuring each customer gets the right product for them

HOW TO BOOK A FREE NO OBLIGATION DEMONSTRATION?

Simply choose one of these options

- A) Call us on 0800 012 4258
- B) Visit www.luggiescooters.com/mobility-scooter-demonstration/ and complete the online boxes.
- C) Email info@luggiescooters.com and mention a Luggie demo and we will contact you.

It can often seem difficult to choose the right product due to the wide variety available, all with different features to choose from. Here at Local Mobility we carry a range of mobility scooters to suit every user. Our expert demonstration team work tirelessly to ensure each customer selects the product that is right for their needs.

- Canopy options for all weather use

The Ascot Mobility Scooter

£1695* Excluding
VAT

*Most users are not required to pay VAT at time of purchase and our customer services team can confirm for you. Price including VAT £2034.00

The Ascot is comfort on wheels. This 4-wheel mobility scooter can manoeuvre easily on pavements, in shopping centres, local parks and gardens, the options are endless!

With the heaviest part weighing only 33lbs (14kg) lifting into the boot of the car is easy. The advanced design means the Ascot can be disassembled into just five parts with no tools necessary, and it is easy to load into your car boot.

The compact and efficient design is optimised for extended travel, with the luxury padded seat you will feel comfortable wherever you go. Whether you store it in a garage, shed, hallway or even in the boot of your car, the Ascot breaks apart in minutes and is just as easy to assemble again when you're ready to go.

If you are looking for a reliable scooter to use regularly, perhaps for local shopping or days out with friends. The Ascot may be the scooter for you. When those darker evenings draw in, feel confident that you will be seen with the bright headlight and the luminous side lights.

KEY FEATURES

- Enhanced Legroom
- Adjustable tiller
- Increased 136kg / 21st 6lbs weight Capacity
- Luxury Padded seat
- USB charging point
- Swivel Seat
- Front Basket
- Headlight & LED side lights
- Lightest part only 33lb
- 1 Year Manufacture Warranty

The Luggie Elite Mobility Scooter

£2995* Excluding VAT

*Most users are not required to pay VAT at time of purchase and our customer services team can confirm this for you. Price including VAT £3594.

The Luggie Elite is the world's best selling folding mobility scooter, its patented design is award winning for product innovation. Having changed the mobility industry with its unique folding design, the scooter is often imitated, but never bettered!

Carrying a user weight of up to 21.7 stone and offering a range of up to 13 miles you can count on the Elite to help you rediscover your independence. With extendable handlebars, a clear LED display, adjustable seat and tiller column, you can ride in comfort and style. The Luggie Elite also comes with adjustable armrests that can be folded away with the scooter or removed to store neatly in the Luggie Elite Travel Case.

Being the most versatile lightweight travel scooter in the world, you can take the Luggie Elite on board trains, planes, buses, cruise ships and trams. Don't worry about excess baggage charges, the Luggie goes with you right up to departure, then simply fold it down and hand it over where it will be stored safely with the wheelchairs and prams. This gives you a real advantage in the duty-free shops.

KEY FEATURES

- User load up to 21.8 stone
- Larger motor
- Wider seat for added comfort
- Extendable handlebars
- LED display to keep track of your battery life
- Fitted with adjustable armrests
- Bigger range upto 13 miles dependent on user weight and terrain
- Available in 2 colours

The Luggie Super Mobility Scooter

£3395* Excluding VAT

*Most users are not required to pay VAT at time of purchase and our customer services team can confirm this for you. Price including VAT £4074.

A super mobility scooter by name; this Luggie model boasts the clever unique folding design and will carry up to an impressive 25.7 stone. The Luggie Super is the most powerful in the range with a larger motor and with its padded backrest you will enjoy extra comfort for those longer journeys.

Weighing 26kg /57lbs the Luggie Super can easily be folded for storage or travel. Folded down flat the scooter can be lifted simply into the boot of most cars, using a 'pivot technique' to reduce the weight lifted. Book a free no obligation home demonstration today to try this for yourself.

Celebrity Farokh Engineer (pictured right), who played first-class cricket for Bombay, in India, from 1959 to 1975 and for Lancashire County Cricket Club from 1968 to 1976 says: 'My Luggie Super scooter has been so incredibly useful to me. I consider it to be my legs, giving me a new lease of life.'

He adds: 'My wife used to always take the dogs for a walk. Now I can tag along with my Luggie. It is exactly what I was looking for in a scooter and I am very fortunate I came across it.'

KEY FEATURES

- User load of upto 25.7 stone
- More leg room
- Wider padded seat
- Wide set handlebars for comfort
- Digital LED display
- Larger motor
- Available in 3 colours
- Adjustable Armrests (width)
- Includes Off board charger
- Includes underseat storage bag
- Range of up to 10.5 miles
Battery with 10.5 ah 16.5 miles
- 10.5amp lithium Ion battery
- Lifetime Limited Warranty

The Lexington Mobility Scooter

£3995* Excluding
VAT

*Most users are not required to pay VAT at time of purchase and our customer services team can confirm this for you. Price including VAT £4794.

The Lexington can easily tackle pavements, roads, lumps and bumps. Smart, sturdy and stylish with an incredible maximum range of 35 miles, this scooter will take you anywhere you need to go.

The extra-chunky 12" shock absorbent wheels of the Lexington bring a wealth of benefits. First up a beautifully smooth ride! The tyres are airfilled which keep you comfy over rocky, uneven ground. But don't worry! If you prefer the peace of mind that comes with solid or puncture proof tyres - we can upgrade these for you. The tyres feature a thick rubber tread which is virtually silent, while also creating the traction for a safer, smoother ride. With a generous 5 inches of ground clearance, country paths and popular walking routes are no obstacle!

With speeds of up to 8mph, the Lexington will take you along both roads and pavements to get you to wherever you wish comfortably and safely. If you're hitting the road you need to know you've got suspension that's up to the job, and with full suspension to both front and rear - in addition to a luxuriously padded captain's seat, you can be sure of a smooth and premium-feeling drive with the Lexington.

Be seen be confident, when you're sharing the road with other vehicles, great lighting is essential - both for lighting your own way and increasing your visibility for others. With headlights and indicators to both front and rear as well as a seatbelt, you'll feel safe and secure whatever the time of day. We love the car-style circular headlamp and chrome trims - an extra touch of class added to an already sophisticated model.

With its clever folding canopy the Lexington is the perfect all weather scooter. Don't get caught out in the rain! Simply fold over your canopy and continue your journey. Made from specialist waterproof fabric, with ultra-durable polymer sides and high-clarify windscreens, this Canopy is a cut above the rest.

The Cruiser Mobility Scooter

£4995* Excluding
VAT

*Most users are not required to pay VAT at time of purchase and our customer services team can confirm this for you. Price including VAT £5994.

Introducing the Cruiser, for those who love the Lexington but appreciate the extra detail. The smallest and nippiest of the larger scooter range, the Cruiser is built to tackle the road ahead with ease.

A halo daytime running light at the front guides your way and highlights you to pedestrians and vehicles alike. With brake lights at the rear as standard and indicators all round, you can feel safe and seen. Suspension front and rear allows for a smooth ride along the classic British pavements.

A fully adjustable gas-strut tiller, delta handlebar and padded captain's seat further ensure a comfy ride no matter how long the drive. Packed into the nippy wheelbase you will find twin 50Ah batteries and a 600 Watt motor, giving a top speed of 8mph with a 4mph setting for pavement use.

If you like your gadgets you will be pleased with the USB socket in the tiller keeping you connected on the go. Not only that the handy compartment within the tiller means you can keep your valuables, such as a small handbag, mobile phone or wallet, close at all times.

With its clever folding canopy, the Cruiser is the perfect all weather scooter. Don't get caught out in the rain! Simply fold over your canopy and continue your journey. Made from specialist waterproof fabric, with ultra-durable polymer sides and high-clarity windscreens, this Canopy is a cut above the rest.

KEY FEATURES

- Luxury padded Swivel seat
- Interior and exterior basket storage
- USB port
- Adjustable tiller with Classic display
- Smaller turner circle for easier manoeuvring'
- Stylish Alloy wheels
- Available in Gold/Red
- Speed - 8mph/12.8km
- 1 Year Warranty

Lithium ion off-board charger unit

£219.99 (ex VAT) £263.99 (inc VAT)

This device acts just like the charging port on your Folding mobility scooter, simply remove the lithium battery from your scooter and place it into the off-board charging tray and then plug your existing charger into the port.

Backpack with stick holders

£49.99 (ex VAT) £59.99 (inc VAT)

This backpack fits neatly onto the seat back of the scooter or powerchair. The backpack has a zip fastening and has two convenient stick holders to place walking sticks or crutches. It is a perfect place to keep your belongings close by whilst out and about.

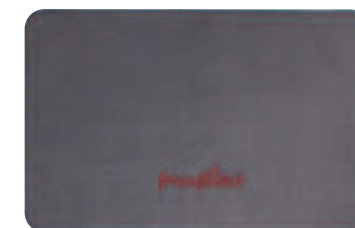

Bag measures: Length 18 in/45.72cm Width 13 in/33cm Depth 4 in/10cm Maximum carrying load 5kg/11lbs

Luggie mobility scooter car bumper protector

£34.99 (ex VAT) £41.99 (inc VAT)

The Car bumper protector is ideal to keep in the car boot to assist you when lifting the lightweight Folding Scooters in and out of the car. The rubber reverse will help keep the protector mat in place all the while protecting both your car and your Scooter.

Luggie mobility scooter folding bag

£44.99 (ex VAT) £53.99 (inc VAT)

This smart bag sits neatly under your folding scooter seat and is perfect for storing your shopping and personal belongings. Even more useful this bag folds away with your scooter so no need to remove the bag.

Folding scooter seat cushion

Small £49.99 (ex VAT) £59.99 (inc VAT)

Large £59.99 (ex VAT) £71.99 (inc VAT)

Specifically made to fit this cushion is pure luxury. It has a padded memory foam filler to ensure it doesn't lose shape and comes complete with a removable washable cover. With clip attachments to secure you in place, you can even flip the cushion up as an extra back support.

Small dimensions: L 33cm x W x 33cm D x 5cm.

Large dimensions: W 40cm x L x 40cm D x 5cm

Luggie travel bag

£249.99 (ex VAT) £299.99 (inc VAT)

A protective bag which you can pull the Luggie along with when traveling. The clever design allows you to fold it up and put it in a bag when not being used. The strong material protects the Luggie from scratches and bumps when travelling with your scooter. Compatible with all Luggie folding scooters.

Spare lithium-ion scooter battery

10.5ah li-ion battery £599.00 (ex VAT) £718.80 (inc VAT)

16.5ah li-ion battery £699.00 (ex VAT) £838.80 (inc VAT)*

A Spare Lithium-Ion battery is great for the more adventurous. Imagine spending all day whizzing around markets or museums, long rides along a promenade, then back to the hotel where you have a fully charged battery waiting for your evening activities. Or you can carry the spare with you and travel up to 36 miles with two mobility scooter batteries.

*16.5ah only compatible with Luggie scooter range.

Spare lithium-ion battery with offboard charger bundle

10.5ah li-ion battery £789.00 (ex VAT) £946.80 (inc VAT)

Scooter Canopy

Standard £899.00 (ex VAT) £1078.80 (inc VAT)

XL £999.00 (ex VAT) £1198.80 (inc VAT)

This folding canopy is the world's first and only universal folding canopy that fits almost any scooter on sale today. It's a ticket to all-weather mobility, allowing Scooter users to battle the elements without fear. The ingenious mechanism lets the canopy fold back behind the seat when not in use and sets up in seconds when needed. Made from specialist waterproof fabric, with ultra-durable polymer sides and high-clarity windscreen, this canopy is a cut above the rest.

Available in 'Standard' and 'XL' depending on your model of scooter. (excludes fitting)

The Luggie Car Hoist

From
£1595* Excluding
VAT

*Price varies depending on model of scooter

Introducing the Luggie Hoist. Unlike most other mobility scooter hoists, the Luggie hoist is not required to be wired into your car as it uses the scooters battery for power.

Once installed simply plug the hoist into the scooters charging port and then you can use the remote control to lift the scooter into the boot of your car.

The hoist can be neatly installed to either the nearside or offside rear corner of the vehicles boot area. It's suitable for most type of vehicles, including hatchbacks, estates and saloon cars. The boom and upright arm have a unique folding design.

This enables you to fold the post neatly when not in use.

Our demonstrators all come equipped with a hoist, if this is something you'd like to see when having a demonstration.

CALL

0800 012 4258

To schedule a demonstration now, or if you have any questions about the Luggie Hoist our team will be happy to help.

LocalMobility *Luggie*
UK

“ After purchasing the Luggie Elite 3 years ago, I started to find lifting into the car more difficult when I was on my own. I was reluctant to change my scooter as I regularly fly to Tenerife and the Elite has been the perfect travel companion. Local Mobility suggested a car hoist and yet again they changed my life! It was installed in 4 hours and now I don't hesitate to head out alone. Thank you!

JOHN REDCRAFT FROM KENT

Hoist Assessment

The Luggie Hoist can be used for lifting most mobility scooters that weigh up to 40kg. Call our friendly customer care team to enquire if the scooter will fit into your model of car. We may have to arrange a free engineers survey to confirm if the hoist is compatible with your car.

Unlike other mobility scooter hoists, the Luggie Hoist uses the power from the scooter to lift. Therefore, there is no need to wire the hoist into your car. Most installations take between 3 and 6 hours.

If the Luggie Hoist isn't suitable, our help doesn't stop there. We work closely with Mobility in Motion who specialise in a range of vehicle adaptations and hoists. We can refer your details and they will be able to carry out a free survey to quote on alternative hoists that suit your requirements. Just call us on 0800 012 4258 for further details.

Spread the cost of a scooter with the support of a finance plan

We offer finance options under a Hire Purchase or Personal Loan agreement in partnership with First Senior. We require a minimum deposit of £500-£750 deposit with the option to include a larger deposit if you wish to reduce monthly payments. Repayments can then be made over a 12-24 month period, with each application being individually assessed by First Senior.

Finance applications can be completed over the phone or during a home demonstration and the application will be submitted and is subject to approval within 7 days. Once confirmation has been received, we can then arrange white glove delivery to complete your paperwork and deliver your brand new Mobility Scooter.

Peace of mind

We can also provide insurance and roadside recovery through First Senior to provide total peace of mind. Worry free driving with protection for you and your product in the event of accident, theft and even vandalism. In addition, public liability which protects the insured from the risks of liabilities imposed by lawsuits and similar claims avoiding expensive personal compensation payouts. We are fully regulated by the FCA.

FOR FURTHER INFORMATION CALL US ON 0800 012 4258 OR SPEAK TO YOUR DEMONSTRATOR.

THE HOME OF

Luggie Scooters

About us

Luggie Folding Mobility Scooters or 'Luggie Scooters' is a trading name of Local Mobility UK. We have been chosen by Freerider to promote these special product due to our history of excellent customer service and track record retailing their mobility scooter range.

Local Mobility was established by husband-and-wife team Paul and Sarah, who were inspired when Paul's Grandfather Albert purchased a mobility scooter. A proud ex-coal miner and Wigan Rugby Player, the family saw how a mobility scooter truly transformed his life for the better. Family days out were once again possible and Albert regained his independence.

The family business grew and we are proud to employ people who share the same values and understand the ethos of the business.

Luggie Folding Mobility Scooters have been promoting and selling the mobility scooter range since its launch in 2009. We have offices and a showroom in Lancashire, along with travelling representatives who cover the entire United Kingdom. 'Customer service is a value we hold highest, working together within the team to ensure you receive an unrivalled service.

At Local Mobility, we pride ourselves on offering only the best quality products, that are specifically selected for their build quality. Whether you're looking for Small, Lightweight and folding, something you can break up into

pieces, A comfortable roadworthy scooter or something in between, we can help. We are also able to source scooters you may not find in the brochure so if it's something specific you're looking for, just give us a call!

Extendable warranties on all of our range

- We believe in our product & confidently offer a lifetime limited warranty across all of our Luggie Scooters & Powerchair.
- We offer extendable warranty on the autofold and road scooters too. Giving you complete peace of mind.

First class customer service 100% of the time

- We are the Mobility Experts, our customer service staff are trained on all things Scooter including servicing & repairs so we can help with all of your questions.
- Our engineers are manufacturer trained so that on assessment we can diagnose and resolve any issues with your scooter within a day.
- Our Demonstrators have combined experience with the Luggie of over 25 years!
- We have been selling the Luggie Scooter for over a decade!

Free expert advice & no pressure demonstration

- We can arrange a home demonstration around your work schedule, carer visits or family members with appointments either at home or a more convenient location for you.
- We understand our customer's needs, we offer great value service plans along with extendable or lifetime warranties to offer you total peace of mind.
- Our demonstrations are completely free with no-obligation.
- Our demonstrators follow a strict BHTA code of practice and our own demonstration checklist to ensure you are comfortable and confident with your product.

Unrivalled aftersales service

- We strive to offer the best aftercare with Mobility trained customer service staff available over the phone 6 days a week.
- Any questions, queries or complaints will be responded to within 1 business day.
- All your order, service and repair history are stored on our system so that you do not have to repeat yourself if you are connected to a different Customer Service agent.
- If the scooter is away from you for service or repair for more than 7 days, we will provide you with a courtesy scooter free of charge!
- We offer 'at-home' servicing and repair for our customers who rely on the scooter daily.

To provide the right product or service tailored especially to you

- We are a community and all Local mobility scooter owners will have access to exclusive offers.
- We offer free aftercare and support over the telephone which you can call as often as you like for the smallest of problems.
- We love to share customer reviews and experiences on our Blogs and Review page.
- We have a selection of demonstration, FAQ's and instruction videos to help you after you have purchased your Scooter.

What our customers say...

The skateboard lift was life-changing. The Luggie can be folded down flat and lifted so easily into the boot of the car and my car takes some of the weight too! I am so happy I had a demonstration as I would never have thought it was possible otherwise.

Thank you Luggie
MRS LIZ MAJOR, SURREY

The best thing is that we can lift it still open into our small car and that I can adjust the speed low enough to enable my husband to walk comfortable enough to talk and be together.

MRS JUDY PHYLIS, KELF

We had a wonderful home demonstration and trial presented by Jonathan. We even had a try at loading and unloading the luggie to and from the car boot.

We have been very impressed by the luggie and are enjoying the freedom it has given us.

MARY HARRISON

“

My Luggie Scooter has given me back my independence, I'm free to go shopping when and where I want.

The Luggie is very quiet, reliable and I feel very safe on it. I only wish I had bought one years ago. Thank you for making such a great scooter. I just love it!

MRS JANET GARRIE

”

“

What an absolute blessing owning a folding Luggie is! I have been able to get around on holiday and see places I wouldn't have been able to access without my beloved scooter. I am thrilled with my Luggie and cannot recommend owning one highly enough. Thank you and Well done.

MRS W F CATT

”

“

I could never have had a Scooter without Luggie. Everything else I had looked at was too big and too heavy. My Luggie even fits into my little Nissan Micra Boot and not too heavy for my carer to lift easily and safely.

MR HORACE , LAMBLEY
